

OREM HIGH SCHOOL

175 S 400 E Orem UT 84097 (801) 610-8165

Mike Browning
Principal

Dear OHS fan,

We are excited about our basketball team, our students, our coaches and our OHS supporters as we enter this basketball season. We appreciate your support of Orem High School. We want you to be aware that we are working with all of our OHS students to create not only strong athletic teams but also strong educational consumers, prepared for future education and career opportunities. We believe in a comprehensive approach to education which includes strong athletic, arts, and academic programs. Each area complements and strengthens the others and together builds the high school opportunities our students deserve.

Our mission is to provide opportunities for student success. "Students success is our business, ... our only business." As we go through this season, we know we will see student success in the classrooms, in our community and on the court.

Remember the importance of sportsmanship. As we attend games home and away we expect all spectators, fans, players and coaches to cheer for our teams, not against our competitors. Be loud, have fun, but be positive. Little good comes from negative cheers, or shouts against the other team, its players, its coaching staff or even the officials. Roar for Orem High.

Encourage our team to play its best. Show your support for our school and our student athletes by filling our stands. Come early and enjoy the patriotism and fanfare of our basketball games. Follow us on Twitter @OHSTigers and on the web at OremHigh5 and our website <http://oremhighschool.com>.

Many hands help Tiger Basketball succeed. We would like to thank the coaches, parents, boosters, and others who work tirelessly to bring us such a great season. Thank you for your support of our programs. Go Tigers!

Sincerely yours,
OHS Administration

Orem High Basketball Community:

As coach of Orem High, I look forward with excitement to the 2011-12 basketball season. The players and coaches have worked hard in the offseason and have high hopes for a 4A state championship run this season.

Since the end of last year, the team has participated in 56 games and compiled a record of 42-14. We attended team camps at Utah State, UVU and BYU, competing against top 4A and 5A schools.

This year's varsity team will be young and yet well-prepared with game experience. It is a well-rounded team that is focused on academics and community. We have raised the GPA participation level the state mandates from 2.0 to 2.5. We expect this year's team accumulative GPA

Golden
Holt

to exceed 3.5. These are quality young men. It is my honor to be with them each day and to see their personal progress.

Our focus with Orem High basketball will always be – first and foremost – the development of young men. That finish line is always within reach.

Team basketball can teach valuable life lessons. Our theme this year is "We not Me." As the team comes to understand the importance of commitment and sacrifice to something greater than oneself, our true potential can be reached.

We appreciate the support of our administration, parents and student body, and look forward to a great season. "GO TIGERS."

Coach Holt
